

After orthodontic treatment

Wearing retainers prevents your teeth from shifting and is essential once treatment ends.

At Kamloops Orthodontics, one set of retainers is always included with your treatment. However, these can often be *lost, broken, or worn down* overtime.

SMILE ASSURANCE

Did you know?

40% of patients misplace or damage their retainers within the first year

250-828-6208 | info@kamloopsorthodontics.ca

SMILE ASSURANCE PROGRAM

WHAT'S INCLUDED:

- Up to **4** retainers (2 sets) per year for a total of 5 years
- Plus you will receive an *extra set* of retainers the day you finish treatment!

- ✓ Protect your smile long-term
- ✓ Simple and reliable

HOW DOES IT WORK?

- After treatment, you will receive 2 sets of clear, removable retainers
- A 3D model of your teeth will be given to you at the same time
- If you lose or damage your retainer(s), let us know as soon as possible and wear your second set in the meantime.
- Our team will instruct you on the next steps to receive your new retainers!

What type of retainers are included?

- Our Smile Assurance Program only includes clear, removable retainers. Dr. Dagasso and Dr. Panther will let you know if you are eligible for these types of retainers

Join anytime!

- Even if you have finished treatment, you can still sign up for our Smile Assurance Program. You can also re-subscribe after the 5 years

How much does it cost?

- \$880

Without our Smile Assurance Program, a clear retainer is currently \$220 - that's \$440 per set

Remember to keep your 3D models!

- Additional fees may apply if your 3D models need to be reprinted or if a new scan is required
